ABOUT US

NartAccess was founded in Manisa in 2013 by Yavuz EREN to provide mobility and accessibility solutions to individuals with physical mobility restrictions.

NartAccess operates with a philosophy of independence and hope by providing solutions to those who have difficulty in climbing stairs, in-building or in-room access, access to pools, sea, treatment or socialising, and those who accompany them.

Since 2016, Nart Access, which started production with the realisation of R&D activities, eticulously manages independent access. Turkey's first and only manufacturer of cordless pool lifts, the company realises these solutions that make life easier with the support of a professional technical team. It is the first and only manufacturer of the necessary equipment for barrier-free pools and beaches in Turkey. After fixed and portable pool lifts, it has produced Beachstar Beach Wheelchair for people with reduced mobility.

NartAccess; MTO, KOSGEB, OAIB (Central Anatolian Exporters' Associations) TÜRÇEV (BLUE FLAG) Turkey Medical Tourism Association CBI is an official member and is within the scope of R&D and Product Development Programme with the support of TEKNOKENT.
